Known, Loved, Led

Wonder Truth:
**Because I Am Known, Loved, and Led,
My Life Can Tell of God's Wonder!**

God Knows Me

**The same God who created
the universe made you and
KNOWS YOU! What do you
want to tell Him?**

Jesus Loves Me

God came to earth in the person of Jesus. Jesus showed God's love to the world. He died but didn't stay dead! Jesus is alive, and Jesus LOVES You! Close your eyes and imagine Jesus looking at you with love. What do you want to say to Jesus?

The Holy Spirit Leads Me

The Bible uses these things as word pictures to help us understand the Holy Spirit. How do you think the Holy Spirit is like fire? Wind? Water? A dove?

Your heart beats about 100,000 times every day.

Every day, your red blood cells travel about 12,000 miles in your blood vessels.

If the strands of DNA inside you were uncoiled, they would stretch from the earth to the sun and back about 600 times!

Scientists estimate there are one septillion stars in the universe (that's 1,000,000,000,000,000,000,000,000)! That's more stars than grains of sand on all the earth's beaches.

Light travels at 186,000 miles per second! And God created light with His voice!

Your eyes can distinguish millions of colors!

You have about 37 trillion cells in your body!

Your brain communicates faster than any computer on earth, and it only weighs about three pounds!

The earth is the perfect distance from the sun. If it were a little closer, we'd burn! If it were a little farther, we'd freeze!

Your lungs exchange over 2,000 gallons of air every day!

Your eyes send information to your brain in about 13 milliseconds. That's faster than a blink!

The sun gives off energy equal to one trillion megaton bombs every second!
